

FOR THE ATTENTION OF TRAVELERS

You are coming from a country where the coronavirus is still circulating actively:
follow these rules to avoid spreading it in France.

These measures do not apply to children under the age of 11.

If you have symptoms, see a doctor
or if you have breathing difficulties dial 15

COVID-19

Screening:

- in case of symptoms or if you have any doubts, go to the screening checkpoint at the **airport** (follow the signs).

Fourteen-day quarantine or isolation:

Stay in one place:

- **At home** if you have accommodation that allows you to isolate yourself from people sharing your home (especially if they are in a vulnerable health category).
- **In specific accommodation** if you do not have a home address or if your accommodation is not suitable.
 - **Fourteen-day quarantine:** limit your outings to your basic needs.
 - **Isolation:** respect stricter hygiene measures and avoid all contact with other people.
 - **Wear a mask if you go out or if you are with another person.**

For everyone's protection, respect shielding gestures.

Wash your hands regularly or use hydro-alcoholic gel

Cough or sneeze into your elbow or a tissue

Blow your nose on a disposable tissue and throw it away

Wear a mask when it is not possible to respect one-metre distancing and in all places where it is compulsory

Avoid touching your face

Maintain a distance of at least one metre from others

Greet without shaking hands and do not embrace others

If possible, download the **"StopCovid"** application. You will be notified in the event of close contact with a connected person suffering from Covid-19.
